

Don't throw garbage down the drain

Help keep the Assiniboine River clean.
Don't use the Town sewer as a garbage can.

Things that go into the Town sewer through toilets, sinks or storm drains can end up in the Assiniboine River. You can help make a difference in the health of our river by disposing the following items in the garbage where they belong, instead of down the drain:

- cigarette butts
- condoms
- cosmetics/makeup
- cotton swabs
- dental floss
- disposable diapers
- hose
- human and pet hair
- needles
- paper towels, Kleenex
- rags
- sanitary napkins
- tampons and tampon applicators
- wipes (pre-moistened personal hygiene towelettes, often advertised and labeled as flushable or biodegradable)
- vegetable and animal grease, fats, oils (these substances can clog the sewer in your home, the Town system and cause sewer backups)

Thank you for your co-operation, Kamsack Public Works Department.
